S.T.-1860-X.

A great French Physician says: "More than half the disease in the world comes from neglect to fortify the system against changes of climate, weather and food. The great secret of health is to keep the condition of the Stomach and Blood regular and uniform, so that changes from Heat to Cold, from Dry to Damp, etc., cannot upset the machinery of the Body, and breed disease."

Now, it is a fact, positive and well known, that there is no such bulwark and assistant for the Stomach as

PLANTATION BITTERS.

This splendid Tonic is now used by all classes of people for every symptom of a "Stomach out of order."

The secret of it is this: Plantation Bitters are certain to correct the juices of the Stomach, set all its machinery at work, and enable it to resist and throw off the approaching disease. The tendency of the operations of Nature is always towards a cure; all she needs is a little assistance at the proper time. How much more reasonable and sensible it is to help her along with a gentle yet powerful Tonic, than to deluge and weaken and defeat her curative processes with poisonous drugs and fiery mixtures which only stupify and plant the seeds of disease and death.

Important Certificates.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life."

REV. W. H. WAGGONER, Madrid, N. Y."

"* * * Then will send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend, ASA CURRIN, Phil., Pa."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHEL, Rochester, N. Y."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS,

Superintendent Soldiers' Home, Cincinnati, O."

The Plantation Bitters make the weak strong, the timid brilliant, and are exhausted Nature's great restorer.

The public may rest assured that in no case will the perfectly pure standard of the PLANTATION BITTERS be departed from.

Every bottle bears the fac-simile of our signature on a steel plate engraving, or it cannot be genuine.

Any person pretending to sell PLANTATION BITTERS *in bulk or by the gallon, is a swindler and imposter. Beware of refilled bottles. See that our Private Stamp is* UNMUTILATED *over every cork.*

Sold by all Druggists, Grocers and Dealers throughout the world.

LYON'S MAGNETIC INSECT POWDER is sure and certain death to everything of the Insect species—Fleas, Roaches, Mosquitos, Ants, Bugs.

IT KILLS INSTANTLY.

What is peculiarly surprising in regard to this article is, that notwithstanding its instant death to insects, it is perfectly harmless to mankind and domestic animals. It can be inhaled or taken with impunity. It bears the testimony of eminent disinterested chemists that it is

FREE FROM POISON.

No article has ever given such positive satisfaction in its use.

Its reputation is well known. It is easily and readily used—Directions accompany each flask. Beware of counterfeits.

The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

Sold by all druggists and dealers on Pacific Coast.

MEXICAN MUSTANG LINIMENT.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered.

No compound has ever been invented so useful and efficacious in curing

RHEUMATISM, SORE THROAT,
STIFF & WEAK JOINTS, BURNS,
BRUISES, EAR ACHE,
SPRAINS, FRESH CUTS OR WOUNDS,
SWELLINGS,

Or any other complaints requiring external application.

FOR HORSES,

It is an indispensable and valuable remedy in all cases of Spavin, Splint, Ring-bone, Wind-galls, Bruises, Strains, &c.

It should be kept in every house, camp and stable. Accidents will occur. Promptness is efficacy.

All genuine is wrapped in steel plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the PRIVATE U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY!

Sold by all Druggists and Stores in every town and mining camp on the Pacific coast.

BIRCH FOR GOVERNOR.

Our Victoria morning contemporary has learned through a reliable source that the gentleman whose name stands at the head of this article is aspiring to be the successor of Governor Seymour, "in the (by no means improbable) event of Mr. Seymour's early retirement from the Colony." Upon this piece of information our contemporary bases the following remarks:—"The honorable gentleman's hook is baited with scraps from certain laudatory articles and speeches published and delivered in his favor at the (then) Capital City, about the time he took his departure for England. Unless there be some decided expression made against the return to this colony of so unpopular and unworthy an officer, there is danger that his piscatorial exertions will result in success. We could imagine no calamity greater than this. Financial panic, fire, flood, earthquake—even an east wind laden with Egyptian locusts—but Birch, never." The appearance of such words as these in the *Colonist* cannot possibly surprise any one at all familiar with that delectable sheet. Its scurrility in early times, when Sir James Douglas was the object of its disgusting licentiousness, and when it had to be put under bonds to be of good behaviour, will yet be fresh in the memory of many. Its treatment of Governor Kennedy, who, on his advent, was the object of its fulsome praise, and in a few short weeks came in for the full blast of its Billingsgate, is still remembered, while its abuse of Governor Seymour is still an affair of the present. A glance over the more recent files of that journal will show that we do not employ language stronger than facts justify. "Coward," "Old woman," "Snob," "Costermonger," "Imbecile," have all in turn been hurled at his devoted head. In fact no epithet has been too vulgar, no language too coarse to apply to the Queen's Representative in this Colony as well as in the former Colony of Vancouver Island, from their earliest colonial history. Passing on to the more immediate object of the present article, it would have been strange indeed if Mr. Birch had altogether escaped the vituperative abuse of the *Colonist*. He occupied for a considerable period the responsible position of Administrator of the Government of British Columbia, and that was enough to make him a target for our contemporary's envenomed darts. Dealing with this particular case on its own merits, it will be found that our contemporary is wholly without justification in fact. Some months ago a somewhat similar attack appeared in the same paper; and it provoked an expression of public sentiment through the Press of the Mainland which demonstrated with tolerable clearness and a good deal of emphasis that the *Colonist* slandered Mr. Birch and grossly misrepresented public opinion. It was stated at that time, not alone by the Press of the former Capital, but by that of the interior as well, that Mr. Birch made himself popular throughout the Colony during his administration, that he stood high with the Colonists, and that if we were to have another Governor from Downing Street, the appointment of Mr. Birch would be a popular one. The hope was, at the same time, expressed that the next appointment would be made from Ottawa. That such was and is the real sentiment throughout the Mainland we know full well to be the case. Admitting, for the sake of argument, that our Victoria contemporary does truly represent public opinion upon this subject, so far as his own town is concerned, still one would hope the day has passed when Governors are to be made and unmade at the dictation of that single community. The Duke of Buckingham must have learned ere this the folly of attempting to satisfy Victoria politicians with Governors or anything else. But, unfortunately for our contemporary, he does not represent even the public opinion of his own community, as recent events have very forcibly demonstrated, so that any statements he may make on any issue involving a question of public sentiment is not worth a rush and assuredly can have no weight with the Secretary of State in making any fresh appointment. We sincerely trust that Governor Seymour's retirement from the Colony may not be earlier than the natural expiration of the term of his appointment; *provided always* that his earlier retirement is not the result of Confederation! We would prefer that the present should be the last Downing-street appointment. The Colony wants such political institutions as there is little prospect of obtaining without Confederation; and it wants economical Governors, possessing practical colonial experience, a desideratum there is not much prospect of getting through the present channel. Mr. Seymour, both as regards talent and influence at Court, stands far above the average of Colonial Governors. A Colony possessing so few attractions as this seldom gets his like; and it is the general desire of the Colonists that he should only take his departure with the present political constitution. But, if this desire cannot be realized, if circumstances should unfortunately render it necessary for Mr. Seymour to retire from this Colony before a political change so evidently to be desired takes place, if we must have another appointee of the Colonial Office to administer the affairs of this country, then we unhesitatingly and fearlessly assert that ninety-nine out of every hundred on the Mainland at least, would join heartily with us in saying "Let it be Mr. Birch!" He is not a stranger. He is not unfitted. He has made himself thoroughly acquainted with the country, its people, its wants; and has approved himself a man of energy, shrewd common sense—capable of divesting himself, or, much of that "red-tapeism" so pernicious and so much out of place in an infant colony, and which forms an objectionable characteristic in too many of the appointees of the Colonial Office.

THE ASSIZES.

The New Westminster Fall Assizes opened on Thursday at 11 o'clock, His Lordship Justice Begbie presiding, with the Hon. H. M. Ball and C. J. Pritchard, Esq., J. P.s as Associates. The following Grand Jury was sworn in:—H. Holbrook, E. Picht, William Johnston, J. T. Scott, Jas. Cunningham, R. Dickinson, Jas. Syme, H. W. Smith, G. C. Clarkson, Wm. Armstrong, W. D. Ferris, T. E. Ladner, Jas. Ellard and F. G. Richards; Esqs. Mr. Holbrook was chosen Foreman. His Honor delivered the usual charge, dealing, in a very lucid manner, the functions of Grand Jurors. He said that their duties upon the present occasion would be very light and very simple, in so far as the indictments to be placed before them were concerned. The only cases were those of two Indians, charged with larceny, &c. The Grand Jury having retired to their room, the civil business was proceeded with. The first case taken up was that of Marie Abadie *vs.* Chas. E. Pooley, the defendant appearing in his official capacity as Administrator of the Estate and Effects of Francois Casse, deceased. It will be remembered that Francois Casse, who was an extensive cattle dealer in the interior of this Colony, was frozen to death during last winter, between Quesnelmouth and Williams Creek. The case of the Plaintiff, a Frenchwoman of probably fifty years, was briefly this:—She had for some eighteen years borne much the relation of wife to deceased, only, apparently, without the sanction of either legal or ecclesiastical authority. During that period, chiefly spent in California, she had followed various occupations on her own account, and had, from time to time, advanced, by way of loan, considerable sums of money to said Casse, amounting in the aggregate to some $18,000; but he, strange to say, although carrying on at times extensive business, never gave her any money. In due time after the death of Casse, Mr. Pooley, as Official Administrator, took charge of the estate; but strange to say only some three thousand odd dollars have yet been found. The present action was to make the Official Assignee disgorge to the tune of $10,000, alleged to be due to the Plaintiff. The defence set up was, first, nonindebtedness, and second, the Statute of Limitation. Council for the Plaintiff, the Hon. Attorney-General Crease, instructed by Mr. Aikman. Council for Defendant, Mr. H. P. Walker. The jury found for the Plaintiff in the sum of $2000.

The Grand Jury found true bills against both Indians and they were found guilty by the petit juries and sentenced to twelve months and six months penal servitude respectively. These cases comprised the entire work of the session.

LATER FROM CANADA.

Wednesday's steamer brought us files of the Toronto *Globe* as late as the 16th ult., from which we glean the following summary:—Additions and improvements are being made at Rideau Hall, Ottawa, in anticipation of Sir John Young's arriving to take up his residence there. The appointment of Sir John Young to the Governor-Generalship of the Dominion appears to be well received generally. The question of the appointment of a Collector of Customs for Toronto—one of the most lucrative appointments in the gift of the Dominion Government, and which has been so long delayed—is the subject of much speculation and discussion. It is thought that Sir J. A. McDonald has involved himself in a good deal of perplexity about it, and is disposed to appoint some one outside of the Civil Service, which would be a violation of an established rule requiring persons holding such offices to have passed a Civil Service examination. The question of Queen's Printership is still unsettled, and the official *Gazette* for Quebec continues to be issued from Ottawa. At a public meeting held in Montreal on the 16th ult., to consider the subject of erecting a statue of the Queen, the Mayor presiding, Hon. T. Ryan moved, seconded by Mr. Wm. Molson, "That it is desirable to give public expression to the loyalty which exists in the hearts of all Canadians, and their attachment to the throne, by erecting in the city of Montreal a statue of Her Most Gracious Majesty"—which was carried unanimously—as well as resolutions approving of the model now on exhibition, and appointing Mr. Marshall Woods to execute the work. Mr. W. Molson subscribed $800 on the spot. The estimated cost of the statue in bronze is $10,000. A new comic paper, called the *Diogenes* was about to be started in Montreal. There were 232 Zouaves sent from Canada to Rome at a cost of $22,000. A district meeting of the officers of the various city Orange lodges of Toronto was held on the 15th at which a resolution was passed condemning the course pursued by the Grand Master of the body, the Hon. J. Hillyard Cameron, in having accepted a brief in the Whelan case was adopted. Another resolution condemnatory of ritualistic tendencies was also passed. Mr. Robert Park, the Woodstock agent of the Gore Bank, had absconded, leaving a deficiency in the funds of $2400. A bag, containing $5000 in gold, was missed from the Bank of Montreal in Hamilton, and could not be traced. The wood-work of the new suspension bridge over the Niagara River, at Clifton, was joined on the 15th, and a large number of foot passengers crossed on it. The Inverness nomination took place at Port Hood (Nova Scotia) on the 15th. One thousand persons were present. Mr. Blanchard and Hugh McDonald were nominated and addressed the electors. The Halifax *Chronicle*, Government organ, says the "antis" never were more united and determined. Governor Doyle had gone on a visit to Governor Wilmot of New Brunswick. The subscriptions to the McGee (the late T. D. McGee) fund had reached $7000. It was believed this would clear off all the indebtedness of the estate. Messrs Allan, of Montreal, have contracted with an eminent Clyde builder for the construction of two first-class, full-powered steamships, of 3500 tons burden. Their other new ship, the Prussian, is rapidly approaching completion. With these three, they will have 13 steamships of an aggregate of 34,418 tons.

TWO FOR ENGLISHMEN—When Nelson's famous signal was hoisted, "England expects every man to do his duty," two Scotchmen were standing by. One pulled a long sour face, and said, "Ech, Sandie, there's naething there about puir auld Scotland"—"Hoot, mon," said Sandie, "Scotland kens well enough that her bairns always do their duty. Its only a hint to those sluggish Englishers."

TO OUR READERS.—This Journal will only be published once a week during the winter months, and will not, therefore, make its appearance again till next Saturday. With fortnightly communication a semi-weekly issue is not suited to the great bulk of our Readers in the interior, and we venture to hope that local Readers will cheerfully submit to a trifling temporary privation, especially as it will be our aim to compensate for infrequency of issue by increasing the reading matter and general interest of the paper. We take this opportunity of mentioning that a large addition to our newspaper and jobbing plant, now on the way from San Francisco, will place us in a much more favorable position to do justice to our patrons than we have been in since the destruction of our former office by fire.

Amongst Atlantic Cables, steam navigation and those progressions of science and art that mark the nineteenth century, not the least useful, are Dr. Ayer's medicines. They take rank among the benefactions of mankind, from the rapidity and certainty with which they cure. Try AYER'S CHERRY PECTORAL on a cough and it is gone. What skin diseases or impurities of the blood withstand AYER'S SARSAPARILLA? AYER'S PILLS are the perfection of a purgative—every family should have them, as almost every family does. Not a trifle to be thankful for are good medicines and the knowledge how to use them for protection from disease. These Dr. Ayer's preparations and publications furnish, and we do not hesitate to commend them.—St. Louis *Leader*.

PERSONAL.—Amongst the passengers going down by the next steamer will be Mr. Wm. Fisher, who is going on a visit to England. During the six years Mr. Fisher has resided in this city, he has made many friends, and has been ever foremost in promoting popular amusement and public improvement. He is a member of the City Council and Captain of the Fire Company, besides holding an important office in the Rifle Volunteer force. He goes to England with authority to speak in the name of New Westminster, in certain matters of importance. We do but express the general sentiment of this community in wishing the subject of these remarks a safe and pleasant voyage and a speedy return to this his adopted home.

FROM VICTORIA.—The str. Enterprise, Capt Swanson, returned from Victoria on Wednesday, and sailed again on Thursday morning. We glean the following items of local news from the *Colonist*:—Dr. Trimble re-elected Mayor without opposition. Dr. Davie would be unopposed in the District. At Nanaimo Mr. Ring would be unopposed. Government has decided to build a new bridge over James Bay. David Cameron, Esq. has been appointed Road Commissioner for the Districts of Esquimalt and Metchosin.

DEATH OF A PILOT.—We regret to learn, through private sources, that Charles Houston, Barrard Inlet Pilot died of smallpox, at Victoria, on Saturday. Having occasion to visit that town on business, he caught the disease, and in four days was a corpse! We have been told that the mortality in Victoria is much greater than appears from the public prints. The policy of smothering facts under such circumstances is, to say the very least, doubtful. The smallpox hospital of Victoria bears a very bad character. Why does not the local press do its duty?

THE HYACK BALL on Wednesday evening was by no means as successful as could be wished, or as similar balls have usually been in this place. The weather could not well have been more inauspicious, too bad, in fact, for ladies to venture out. Of gentlemen there were plenty, but the attendance of ladies was provokingly thin, so that to secure a partner for a dance was considered a streak of good luck. The arrangements were admirable and the supper excellent.

ARRIVED.—The ship Alpha arrived at Stamp's Mill yesterday, for a cargo of lumber.

CONFIRMED.—Saturdays *Gazette* announced the Queens sanction to the following Ordinances, passed last Session and the previous one:—

No. 18 of 1867. "An Ordinance to amend the Duties of Customs."

No. 23 of 1867. "An Ordinance respecting Harbour and Tonnage Dues, and to regulate the Licenses on the Vessels engaged in the Coasting and Inland Navigation Trade."

No. 8 of 1868, "An Ordinance authorizing the Sale of the Real Estate of Intestates, and for other purposes."

No. 6 of 1867. An Ordinance in Aid of the Trustees' Relief Act."

No. 11 of 1868. "An Ordinance to extend The Thompson Bridge Toll Act, 1864."

LATER FROM VICTORIA.—The str. Enterprise, Capt. Swanson, returned last evening. She had a very rough passage down on Thursday. The Victoria papers don't contain much news. The *Colonist* of Thursday has a heartless but characteristic article in which it urges the immediate retirement of the Governor on the ground of illness! The election for Victoria District resulted in 159 votes being polled for Dr. Davie, against 4 for Mr. Green. The ship Topgallant had arrived from San Francisco, and will take in a cargo of lumber at Moody & Co.'s mills.

FROM YALE.—The steamer Onward, Capt. Irving, returned from Yale last night, bringing a considerable number of passengers. The *Sentinel* did not reach us, nor have we any Cariboo advices. Passengers tell us, however, that there is no news of importance. There is a thin covering of snow on the ground as far down as Clinton.

SALE 'EM GOODS? Of course they do! Can't you see that as you pass their store every day? and all kinds of goods, too. Why, their stock cannot be surpassed anywhere on this side of Land, for price and quality. Give them a call, don't be afraid. There's never anything but *Goods* said at Clute & Clarkson's.

TO LOCAL READERS AND ADVERTISERS.—The present edition commences the last Quarter of the 8th volume of the BRITISH COLUMBIAN. We have to request, therefore, that local patrons will be prepared for an early visit from our collector.

SALEM GOODS.—Mr. Cunningham has just received, direct from the Salem Woolen Mills, Oregon, a choice selection of Tweeds and Flannels, suitable for Fall and Winter clothing. These goods are in excellent styles and are remarkable for durability.

LILLOOET ELECTION.—We learn by late arrivals that Mr. Humpreys had a majority of 16 over Mr. Walkem at Clinton, and we are told that there was little doubt of his election!

TELEGRAPHIC SUMMARY.

European dates are to the 7th inst. The Queen had returned from Scotland and was staying at Windsor Castle. Before leaving Balmoral Her Majesty received a visit from the Queen of Holland. Lord Stanley and Disraeli accompanied the Queen of Holland from London. Her visit is connected with a question relative to the free navigation of the Rhine. The *Times* of the 7th has an editorial on the result of the Alabama negotiations, which it infers from the speeches of the American Minister, have been brought to a satisfactory conclusion. It exults over the solution of the question, and praises Mr. Johnson not only for the frank and conciliatory manner in which he has conducted the controversy, but also for his manly and straightforward utterances in regard to payment of the national debt. The *Times* declares that the tone in which Mr. Johnson repudiates tampering with national credit as fraud shows that the higher American politicians recognize the same principles of morality which are current on this side of the Atlantic. The Sheriff of London gave a dinner on the 5th, at which Reverdy Johnson was a guest, and who met with an enthusiastic reception. The London *Standard*, (the Conservative organ) asserts the disparagement of Johnson by the Radicals on account of his admiration of England. The *Post* announces the following programme as quasi-official: Dissolution of Parliament to take place on the 17th inst. All the uncontested elections are to commence on the 16th. The contested elections in the boroughs on the 17th and in the counties at a later date. The new Parliament will be summoned to meet on the 9th of December, when the Queen's speech will be delivered and the policy of the Ministry on the questions at issue will be announced. John Evelyn Dennison will be reelected speaker. It is believed the House will be ready to proceed to business by the 14th of December. The opposition will probably move as a test question an amendment to the Queen's speech, which the House will debate until the 18th, and when the supposed motion will be carried by a large majority. The House will then be adjourned until the following Monday. On reassembling the premier will announce his resignation, and that of his colleagues. Mr. Gladstone will follow with a motion to adjourn for the holidays to afford an opportunity for the formation of a new Cabinet. John Bright had a public reception in Edinburgh on the 3d, by the Lord Provost and a number of the city Government; he was presented with the freedom of the city. The Court of Sessions of Edinburgh on final appeal has rendered a decision disallowing the claims of women to the right of franchise. A dreadful railway collision occurred on the 5th, in Wales, killing several passengers and injuring many. The *Gaulois* newspaper says the Carlists are circulating a report that the Emperor Napoleon will throw his influence in favor of Don Carlos, should he be presented as a candidate for the throne of Spain. A dispatch to the same journal reports that the selection of a Spanish grandee for King is mooted in Madrid. The *Patrie* says that Burlinghame and the Chinese Embassy will arrive in Paris in January, and will make propositions to open foreign commerce with ports in the interior waters of China, and have Chinese Consuls in all the great cities in Europe.

There is nothing of importance from the United States. The election returns continue to come in and Grant's election appears to be accepted in most quarters as a foregone conclusion. Latest revisions, however, give New York to Seymour by a majority of over four thousand. It is estimated that there are 129 Republicans to 66 Democrats in the 41st Congress. Grant's majority in California is estimated by the Republicans at 207, and by the Democrats at 170. Oregon was conceded to the Democrats by general consent, yet it is said it will give Grant a small majority.

HOLLOWAY'S PILLS.—Enfeebled Existence.—This medicine embraces every attribute required in a general and domestic remedy: it overturns the foundations of disease laid by defective food and impure air. In obstructions or congestions of the liver, lungs, bowels or any other organ, these Pills are especially serviceable and eminently successful. They should be kept in readiness in every family, as they are a medicine without a fault for young persons, and those of feeble constitutions. They never cause pain or irritate the most sensitive nerves or most tender bowels. Holloway's Pills are the best known purifiers of the blood, and the best promoters of absorption and secretion, which remove all poisonous and obnoxious particles from both solids and fluids.

ALL OVER

The world people of sense and judgment have learned to use

PLANTATION BITTERS.

Dyspepsia, with its symptoms, Headache, Heartburn, Feverish Lips, Bad Breath, Offensive Complexion, &c., can be cured by using PLANTATION BITTERS.

This is the most successful tonic of the age. Young, middle-aged and old, are delighted with its effects.

The first trial always has a marked good effect.

No change of diet is necessary. Eat all you wish, of the best and most nutritious food.

It is the greatest cure ever known for an overloaded and distressed stomach, which it relieves in a few moments.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.

PHYSICIANS ARE COMPELLED TO RECOMMEND IT.

CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable in Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhea, Colic, and diseases of the stomach and bowels.

DANDELION.—For inflammation of the Loins and Dropsical Affections.

CHAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also clove-buds, orange, caraway, coriander, snake-root, &c.

S.T-1860-X.

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

With this recipe before the community, and evidences of strictly treating them in all fair dealing, the success of Dr. DEMAS stands founded upon the rock of truth. Almost every family has some case of suffering which the PLANTATION BITTERS will alleviate and cure.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and imposter. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our United States stamp over the cork unmutilated, and our signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

MEXICAN MUSTANG LINIMENT.

The merits of this Liniment are well known. Its effects are instantaneous, soothing, and wonderful.

Cuts, bruises, sprains and swellings, are so common, and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain, than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

READ THE FOLLOWING.

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Spraining, Sores, Scratches, or Galls on horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c.

J. W. HEWETT,

AYER'S MEDICINES.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have healthy; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or, Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Historic reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of Ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

ADDRESS

TO THE

NERVOUS AND DEBILITATED

WHOSE

SUFFERINGS HAVE BEEN PROTRACTED.

AND WHOSE CASES

REQUIRE PROMPT TREATMENT TO RENDER EXISTENCE DESIRABLE.

If you are suffering have suffered, what effect does it produce upon your general health?

Do you feel weak, debilitated, easily tired?

Does a little extra exertion produce palpitation of the heart?

Does your liver, urinary organs, or your kidneys, frequently get out of order?

Is your urine sometimes thick, milky or flocky, or is it ropy on settling?

Or does a thick scum rise to the top?

Or is a sediment at the bottom after it has stood awhile?

Do you have spells of short breathing or dyspepsia?

Are your bowels constipated?

Do you have spells of fainting or rushes of blood to the head?

Is your memory impaired?

Is your mind constantly dwelling on this subject?

Do you feel dull, listless, lowspirited, tired of company, or of life?

Do you wish to be left alone, to get away from everybody?

Does any little thing make you start or jump?

Is your sleep broken or restless?

Is the lustre of your eye as brilliant?

The bloom on your cheek as bright?

Do you enjoy society as well?

Do you pursue your business with the same energy?

Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia.

Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver complaint?

NOW, READER,

DISEASES BADLY CURED, AND EXCESSES,

Are capable of producing a weakness of the generative organs. The organs of generation when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks, or any other meanness about them. I do not mean those who keep the organs inflamed by running into excess. These will not only ruin their constitutions, but like those they do business with sir for.

How many men, from badly-cured diseases and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other form of disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other disease which humanity is heir to, and the real cause of the trouble never suspected, and have doctored for all but the right one?

Diseases of this sort require a Diuretic.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases,

From Emery Eides, a well-known merchant of Orford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Doniphanville, Capé May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled paper in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Swain, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA your have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow *Erysipelas* on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tuskhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. Four fifteen days we guarded his hands, lest with his nails he should tear off the festering and corrupt crust which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the lotion of potash lotion, as you directed. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial diseases*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Pewsenes can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Discretion*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S

CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

ADVICE GRATIS!

HOLLOWAY'S PILLS

To Purify The Blood.

These Pills have been placed by the common consent mankind at the head of all remedies for removing obnoxious poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, dysentery, diarrhœa, constipation, liver complaints, &c., afflicted by a variety of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are restored and reanimated with vigor and health-inducation in every organ throughout the system, by this correct, efficacious and exhilarating tonic of this medicine.

Female Complaints.

All disorders of the sex, and diseases in every crisis peculiar to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the region of the liver, on the right side under the ribs, and you will soon experience a change for the better in your digestion, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this dreadful disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and feels himself in a completely renovated constitution; but it is indispensably necessary that the Ointment should be assiduously rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver, if bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be confined to a bed of sickness. In all derangements of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day, and the Pills taken in unison, will cure any complaints in these important organs.

Piles, Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected, may tend to some serious disorders of the heart, or other vital organs. For nervous debility, sick-ache, Pills nightly and Ointment in large quantity of flesh are with rapidity removed, and the health machinery will be quickly restored to health and vigour. Try this but for three days only, and the result will be marvellous.

Complaints Incident to Children.

All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and cleanse the stomach and bowels; a few doses of the famous Pills will immediately have the desired effect, particularly if parents be careful to not allowing their food to eat of things which they know would be injurious to their health.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities,	Scrofula, or King's Evil,	
Asthma,	Fevers,	Fits,	
Bilious Complaints,	Fevers of all kinds,	Sore Throats,	
Blotches on the Skin,	Gout,	Stone and Gravel,	
Bowel Complaints,	Head-Ache,	Secondary Symptoms,	
Colds,	Indigestion,	The Deliriums,

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It is patronized by persons of the highest position in Europe, as it enters the system in all cases most, and operates both kindly and beneficially, but constitutionally purifying the whole system, neutralizing all depraved humours, and effecting a radical and permanent cure. The Pills should be taken as an auxiliary to the Ointment, as they greatly assist in purifying the blood, thereby facilitating and confirming the conquest of the disease.

Diphtheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, speedy and numerous, that these often fatal diseases are now universally treated by these medicines, more than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with luke-warm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last-named disease is commonly preceded by irregular action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's marvellous Ointment and Pills the dropsical patient will ever find support; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in a cure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will act two or three times during the 24 hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be well worked into the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,	
Bad Breasts,	Contracted and Stiff Joints,	Sore Nipples,	
Burns,	Elephantiasis,	Sore throats,	
Bunions,	Fistulas,	Skin-diseases,	
Bite of Mosquitoes and Sand-flies,	Gout,	Scurvy,	
Coco-bay,	Glandular Swellings,	Sore-heads,	
Chigoe-foot,	Lumbago,	Tumors,	
Corns (Soft),	Piles,	Ulcers,	
Cancers,	Rheumatism,	Wounds,	
Chilblains,		Yaws.

ANOTHER REARDON.

Most persons in the least fam with English politics will reco how the British House of Com was scandalized, and the British lie shocked a few months ago by Irish auctioneer named Reardon, had, by some unaccountable mi venture, found his way into Par ment, as the member for Athl This man offered a notice of mo calling upon the Queen to abdicat favor of her eldest son; because, sooth, the state of her health cessitated frequent and prolonged sences from the Metropolis, to t noyance of those who frequent Court to crook the pregnant hi of their knees," and, above all, t great loss of Cockney tradespe Everybody agreed that "Mr. Spea did the proper thing in calling Reardon to order, and that the H was quite justified in greeting the decent outrage with a storm of hi This Colony has its Reardon in editor of the *Colonist*.
